Customer Support: philips.us@top-support.net

For faster assistance, have the model SPK7858B and your Amazon order number ready.

1. Warranty at a Glance

Warranty Period	1 year from the original purchase date
Covered Product	SPK7858B mouse, included USB-A receiver, USB-C receiver, and charging cable
Coverage	Defects in materials and workmanship under normal use
Remedy	Repair, replacement with the same or functionally equivalent product, or refund if repair/replacement is not reasonably available
Proof of Purchase	Valid Amazon.com order record showing purchase date and authorized PHILIPS store
Territory	United States

Eligibility. This Limited Warranty applies only to a new SPK7858B originally purchased from an authorized PHILIPS store on Amazon.com. A valid Amazon.com order record is required as proof of purchase.

2. What This Warranty Covers

During the Warranty Period, this Limited Warranty covers manufacturing defects that prevent the covered product from operating normally when used according to the supplied instructions.

- Manufacturing defects in the mouse and included receivers or charging cable.
- Manufacturing defects in the built-in battery; normal reduction in rechargeable-battery capacity is not a defect.
- Verified hardware failure affecting normal sensor, button, scrolling, charging, or wireless operation, when not caused by setup, compatibility, or external damage.

3. What This Warranty Does Not Cover

- Normal wear and tear, cosmetic damage, or normal battery-capacity reduction.
- Loss or theft of the mouse, receivers, cable, or other accessories.
- Accident, misuse, abuse, neglect, impact, liquid exposure, fire, flooding, excessive heat, or other external causes.
- Use outside the supplied instructions, intended purpose, charging requirements, rated conditions, or compatibility requirements.
- Unauthorized modification, disassembly, or repair, or damage actually caused by third-party parts, accessories, software, services, or repairs.
- Software, applications, data, network services, or compatibility issues that are not caused by a covered product defect.
- Products with identifying or serial information removed, altered, or made unreadable where the condition is relevant to the claim and exclusion is permitted by law.

4. How to Obtain Warranty Service

1	Contact Support Email: philips.us@top-support.net Describe the issue. Do not send the product until you receive service instructions.
2	Provide the Details Provide model SPK7858B, Amazon order number, purchase date, issue description, troubleshooting already completed, and photos or video if reasonably needed.
3	Follow the Service Instructions Complete reasonable troubleshooting. If a return is required, use the authorization, packaging, and shipping instructions provided. After inspection, support will confirm coverage and the approved remedy.

5. Service Terms

- For an approved covered claim, standard warranty service and standard shipping reasonably required for the service will be arranged or reimbursed. Expedited or unauthorized costs are not covered.
- A replacement may be new or refurbished and functionally equivalent.
- This Limited Warranty is separate from any return policy offered by Amazon and does not reduce rights that cannot be waived under applicable law.
